

# TEACHING VACANCY

The following teaching post is available  
at St Paul's College from 1 July 2024

## Chemistry

### CAMBRIDGE IGCSE AND AS / A LEVEL

An exciting opportunity exists for an innovative and qualified High School Chemistry teacher to join St Paul's College, a registered Cambridge International School.

#### QUALIFICATIONS REQUIRED:

B Education in Chemistry; **or**

B degree in Chemistry **plus** an Education qualification.

#### REQUIREMENTS:

- A minimum of three years' experience teaching Chemistry to senior students. Experience teaching the Cambridge Chemistry syllabi will be a definite advantage.
- The ability to teach students from **Grades 7 to 12** and implement educational best practices to develop their potential.
- Excellent command of written and spoken English.
- Involvement in the College's extra-mural programme.
- A commitment to uphold the Christian ethos and values of the College.

Applications close on **3 May 2024**.

Only short-listed candidates will be contacted.

Please submit your concise Curriculum Vitae, including three contactable references, to:

**The Principal, St Paul's College**
